Applicants: Peter H Rehm and Rachel Ann Rehm
Title: Questionnaire Method of Making
 Topic-Specific Word Puzzle Documents

**COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE AND
TRANSMITTAL OF SUPPLEMENTAL DECLARATION**

Commissioner for Patents

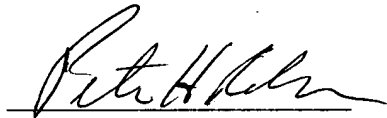

Sir:

The Examiner's assessment of the history of Applicant's web sites is correct. The current invention was implemented and made available on the Internet in December of 2003. This was the first time a questionnaire was used. The provisional patent application (Ser. No. 60/466,785) for

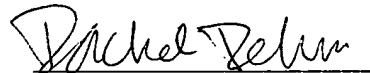

which priority has been claimed was filed some months earlier.

Please note also the Supplemental Declaration for Utility or Design Patent Application which is enclosed. Applicants consider their duty of disclosure of information which is material to patentability as defined in 37 CFR 1.56 to have been met in the Background of the Invention section of the specification. No material art has come to our attention since then.

Very respectfully,

Peter H. Rehm
